April 4, 2018

Dear Parent/Guardian:

Please remember that you will have a great opportunity to see your child's progress in school during the "Student-led Conferences," which are being held in the evening of Thursday, April 19th and the afternoon of Friday, April 20th. As the name suggests, these conferences are led by the students and are a great way for them to show you, directly, how they are progressing in school.

We encourage you to come along and sit with your child so they can personally talk you through some of the work that they have produced and to show you some of the skills they are learning. The children have been working hard at collating some of their best pieces of work and I know they get excited about being able to show you these.

Your child's teacher will be available during the conference to speak with you if you need to, but these student led conferences really are a chance to see first-hand, what your child has been working on this term. We feel that this opportunity is often a really motivating time for your child and is a great way for you to continue supporting them in their learning at school.

We look forward to seeing you on either Thursday, April 19th between 6:00 pm and 7:30 pm or on Friday, April 20th, between 12:15 to 2:15 pm.

We recommend that fifteen to twenty minutes is usually enough time for these conferences. Please contact your child's teacher directly to arrange a suitable time for you to attend.

Thank you.
Yours sincerely,

B Holmes
